QUICK REFERENCE GUIDE

Thank you for purchasing the unit.

## Safety Instruction

- 1. Read Instructions** - All the safety and operating instructions should be read before the appliance is operated.
- 2. Retain Instructions** - The safety and operating instructions should be retained for future reference.
- 3. Heed Warnings** - All warnings on the appliance and in the operating instructions should be adhered to.
- 4. Follow Instructions** - All operating instructions should be followed.
- 5. Battery** - Batteries shall not be exposed to excessive heat such as sunshine, fire or the like.
- 6. Earthing Connection** - The apparatus shall be connected to a MAINS socket outlet with a protective earthing connection.
- 7. Water and Moisture** - The appliance should not be used near water.
- 8. Ventilation** - The appliance should be well situated so that its location or position does not interfere with its proper ventilation.
- 9. Heat** - This appliance should be placed away from heat sources such as radiators, heat registers and stoves.
- 10. Power Sources** - The appliance should only be connected to a power supply as described in the operating instructions or as marked on the appliance.
- 11. Grounding or Polarization** - Precautions should be taken.
- 12. Power Cord Protection** - Power supply cord should be located so that it is not likely to be walked on, or pinched by items placed upon it.
- 13. Cleaning** - The appliance should be cleaned only as recommended by the manufacturer.
- 14. Non-use Periods** - The power cord of the appliance should be unplugged from the outlet when left unused for a long period of time.
- 15. Objects and Liquids** - Care should be taken so that objects do not fall, and liquids are not spilled into the enclosure through openings.
- 16. Conditions Requiring Service** - The appliance should be serviced by qualified service personnel when:
  - The power-supply cord or the plug has been damaged.
  - Objects have fallen on or liquid has been spilled into the appliance.
  - The appliance has been exposed to rain.
  - The appliance does not appear to operate normally or exhibits a marked change in performance.
- 17.** This appliance should not be exposed to water and no objects filled with liquids such as a vase should be placed on the unit. Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- 18.** Only for indoor used. (🏠).
- 19. Caution** - There is a button cell inside. Place away from the old and kids, avoiding to be eaten by mistake. Once happened, please go to hospital for treating immediately.
- 20.** Keep the key properly. There are high voltage and dangerous live parts inside. It's better to maintain and repair with a professional.

<p><b>Warning</b></p> <p>High voltages are used in the operation of this product. Do not remove the back cover of the cabinet. Refer servicing to qualified service personnel.</p>	<p><b>Warning</b></p> <p>To prevent fire or electrical shock hazard, do not expose the main unit to rain or moisture.</p>	<p><b>Warning</b></p> <p>Do not insert foreign objects into the television's slots or openings. Never spill any kind of liquid on the television receiver.</p>
<p><b>Caution</b></p> <p>Minimum distances</p> <p>If the television is placed into a confined space, ensure that the minimum distances are observed as shown. Heat build up can reduce the service life of your television, and can also be dangerous.</p>	<p><b>Caution</b></p> <p>Never stand on, lean on, push or apply force to the product or its stand. You should pay special attention to children.</p>	<p><b>Caution</b></p> <p>Do not place the main unit on an unstable cart stand, shelf or table. Serious injury to an individual, and damage to the television, may result should it fall.</p>

## Remote Control

Wall-mount Installation

1. Install the mount, as shown in figure(1). Make sure that the supporting surface will safely support the combined load of the equipment and all attached hardware and components.
  2. Install the bracket, as shown in figure(2).
  3. Place the TV with bracket on the mount, as shown in figure(3).
- The above installation methods are for reference only! Installation methods may be different depending on the actual mounting situation.**  
**Highly recommend consult or ask the professionals to install!**

Wall Mounting Instruction

This TV is equipped with mounting holes of 600x400mm.  
If the thickness of the wall mount is 2mm, 4PCS of type M8x26BM screws are required (the length of the screws fixed in the interior of the TV should not be longer than 30 mm).  
Recommend to use SONIQ wall mount and install by professional people (do not operate while the TV is on).

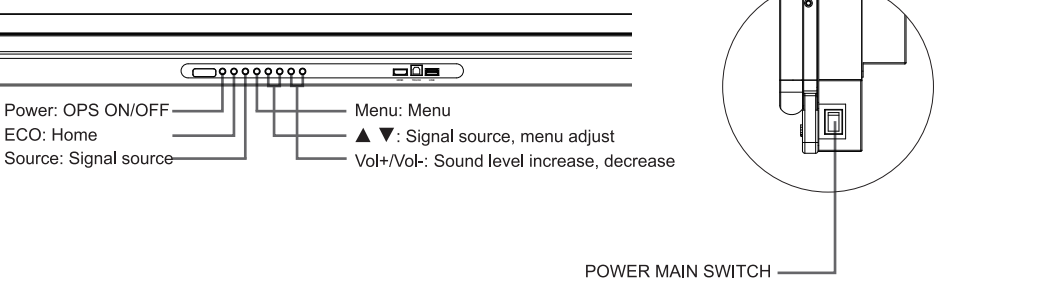

Connecting the Power Cord

Connect the power cord directly to the wall outlet.
