⚠ WARNING

This product contains small parts, please keep away from children to prevent them swallowing.

Read the entire instruction before installation and assembly. Should there be any questions regarding any of this instruction, contact professionals.

Make sure that the supporting surface will safely support the combined load of the equipment and all attached hardware and components.

Installers(at least 2 persons) should be appropriately uniformed and work with accessory tools to avoid personal injury.

Carefully check the connecting parts every 2 months to make sure the screws are stable and fixed.

This product is designed to install on concrete walls and wooden walls.

The product is intended for indoor use only. Using outdoors could lead to product failure and personal injury.
